---

Yes, Madi Novak is the only person from DEQ that has done oversight so far and the other DEQ person Sean recommended adding to the list is Dana Bayuk.

Thanks Howard, could we add any likely DEQ staff as well? Madi or Dana might be good candidates to add just in case.

Hi Davis,

Here is a list of field oversight staff that we will likely have accessing the sediment core processing warehouse throughout the project:

- Julee Trump
- Jonni Wallingford
- Jason Silvertooth
- Mark Jusayan
- Wardah Azhar
- Kyle Vickstrom
- Libby Miner
- Jennifer Jones
- Mary Lou Fox
- Karen Irby Smith

Subject: Requesting List of Potential Observers of Coring Operations

Davis,

Would you please provide a list of people who will be potentially observing subsurface sediment core processing in the AECOM warehouse? We are expecting a lot of visitors, and are just trying to prepare an 'approved' access list for all parties so there is no confusion in receiving visitors and allowing them into the processing support zones. We do keep the door of the warehouse locked on a daily basis for security, since it is in a fairly urban part of Portland. Visitors will need to ring bell to be let in, and sign a visitor log, and have a Health and Safety briefing (if they have not already done so).

If you don't know yet precisely who will be there on which day, that is fine. We are just looking for a master list of staff who MIGHT be attending.

We will be sending further instructions as to additional requirements such as documentation of health/safety training, sampling gear and the like.
